

Anti-hair loss Serum

Product Type: Leave-on Scalp Treatment Category: Hair Care Code:282-1.01

Material Name	EU INCI	Properties
Water	Aqua	Emollient
BETAINE	Betaine	Emollient, Moistrizing Agent
Dermofeel PA 12	Sodium Phytate	Emollient
Lecigel	Sodium Acrylates Copolymer&Lecithin	Easy-Spreading, Emollient
Algaktiv Dendisyl	Water, Propanediol, Chlorella Emersonii Extract, Lecithin, Spirulina Maxima Extract, Ascorbic Acid, Tocopherol	Active
Biovolume	Water, Glycerin, Tilia tomentosa Bud Extract	Hair Volumizing
Microcare PEHG	Phenoxyethanol&Ethylhexylglycerin	Preservative

Formulation Features:

- Lightweight, water-based gel serum designed for hair & scalp application
- Cold process, energy-efficient production method
- Provides moisturization, scalp comfort, and improved hair volume
- Delivers sensorial freshness with easy spreading and non-tacky after-feel
- Preserved with an eco-friendly system suitable for global compliance

How to use: Apply 2–3 droppers directly to the scalp before washing. Gently massage for 1–2 minutes, do not rinse off

Ingredient List:

Aqua, Betaine, Glycerin, Tilia Tomentosa Bud Extract, Water, Propanediol, Chlorella Vulgaris Extract, Lecithin, Spirulina Maxima Extract, Ascorbic Acid, Tocopherol, Sodium Acrylates Copolymer, Lecithin, Sodium Phytate, Phenoxyethanol, Ethylhexylglycerin

Multifunctional Ingredient:

- Betaine– Natural osmolyte, moisturizes and protects scalp barrier
- Lecigel– Rheology modifier; provides smooth, supple texture and pleasant after-feel

Active Ingredient:

- Algaktiv® Dendisyl (2.0%)
- Complex of microalgae (Chlorella & Spirulina) with antioxidant vitamins. Protects scalp and hair from oxidative stress while improving vitality.
- Biovolume® (2.0%)
- Botanical bud extract (Tilia tomentosa) that helps increase hair volume, providing a fuller and healthier appearance.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application. They are, to the best of our belief, correct, but are offered without obligation. Those who use our recommendations and formulations as well as those who process The INCI Lab are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies. This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
